DEUTZ-FAHR - A STRONG COMPANY

Deutz Fahr, synonymous with excellence, power and reliability, represents the result of the most advanced German manufacturing technology in the agricultural vehicles sector. Deutz Fahr is part of the SDF group. The SDF group is one of the world's leading manufacturers of tractors, harvesting machines, engines and agricultural machines with a turnover of 1.39 Billion Euro in 2015. It distributes tractors through the DEUTZ-FAHR, SAME, Lamborghini and Hürlimann Brands and grape harvester's through the Grégoire brand.

Without question, Deutz-Fahr is a brand that invests heavily in technology and never loses sight of its primary goal; to supply the farmer with advanced, reliable machines that makes work easier and maximises efficiency.

DEUTZ-FAHR IN AUSTRALIA

Deutz-Fahr in Australia is distributed by PFG Australia. PFG Australia is a wholly owned subsidiary of Power Farming Wholesale Limited, a fully independent and privately owned company who have a three-generation history of serving the New Zealand and Australian tractor and machinery markets.

Wholesale distribution centres are strategically located throughout Australia in Melbourne, Brisbane and Perth. The company, which is headquartered in Melbourne, is situated in a new purpose built distribution centre. This distribution centre includes a 3 acre undercover warehouse with state of the art spare parts, service and training facilities.

The Deutz-Fahr product is further looked after by an extensive trained dealer network which prides themselves on service and support to make sure you get the best product experience.

Dear grower,

This booklet is designed to give you a view of what specialised tractors are available from the Deutz-Fahr tractor range. Critical information has been gathered to make sure you get the right tractor for the job as we understand that each farming field demands a different specification to suit your needs.

We hope this booklet helps you and if you require any more information please talk to your Deutz-Fahr dealer.

*Many thanks
Anthony Darveniza*

AGROPLUS F/S/V SERIES

AGROPLUS F/S/V SERIES TRACTORS TO SUIT:

Vegetables |
 Nuts |
 Citrus |
 Olives |
 Grapes |
 Avocado |
 Fruit |
 Bananas

85-106HP

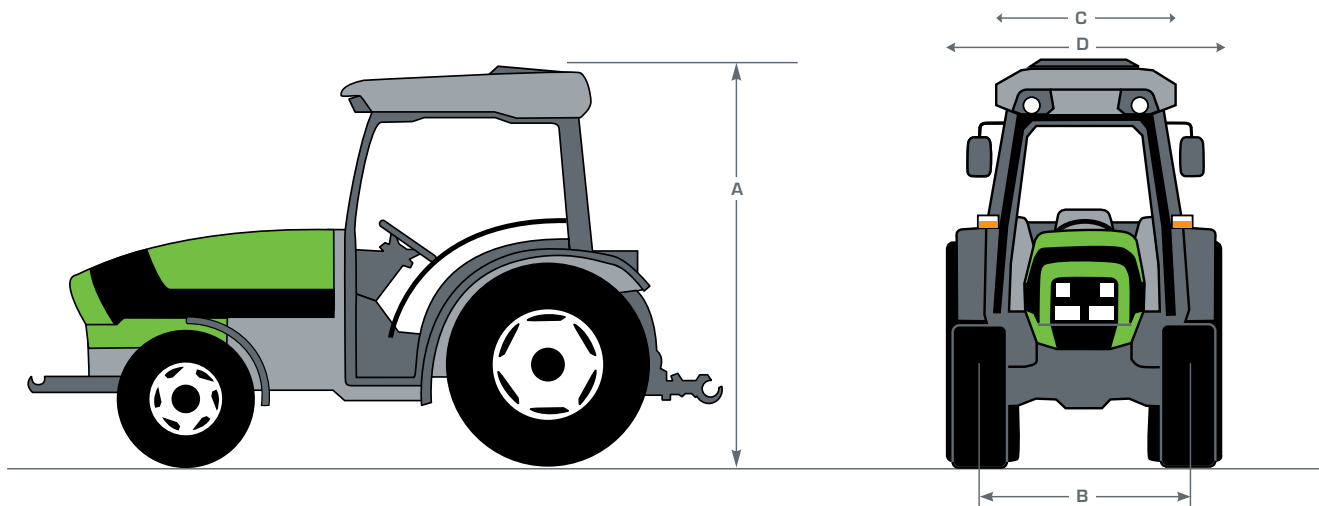

The Agroplus F, S and V are special tractors that are manoeuvrable, compact and versatile with a range of technical features without comparison. With electronically controlled engines, reduced engine speeds at 40 km / h maximum speed and ECO-Speed transmissions with Powershuttle, you also save fuel and time and therefore money. Of rugged and compact design, they are the ideal tractors for vineyards and orchards. With a minimum external width of just 111 cm and a maximum steering angle of 60°, they are ideal for all classical specialist crop cultivation with row widths of 1.20 to 2.20m.

An independent jury of expert journalists in Europe also chose these specialist tractors as the Specialist Tractor of the Year for two years in succession. And even with the comfort cab it still only has a height – depending on the tyres – of just 2.20 m, something which others are unable to offer even with their low roof versions.

AGROPLUS F/S/V SPECIALISED TRACTORS SUITS:

	A	B	C	D
Model	Min Overall Height	Min Overall Width	Top Roof Width	Widest Cabin Width
Agropius F	2235	1430	1048	1170
Agropius S	2285	1265	1048	1040
Agropius V	2240	1160	1048	1010

MAIN FEATURES

- Fuel efficient SDF engine with cruise control.
- Narrow overall tractor width of 1110mm and cabin width of 1010mm.
- 60 degree angle with tight turning radius of 3.4m.
- The right gear for the right job – 30/15 transmission and 45/45 transmission c/w 3 speed powershift. The operator can choose from a selection of 16 gears from 3km/h to 17km/h.
- PTO speeds tailored to the tractor engine. 540 economy speed achieved at 1600 Rpm, this achieves the best fuel consumption for the tractor.
- High flow hydraulics with 3 sets of rear remotes std and many more configurations available for front, mid and rear.

- ✓ Nuts
- ✓ Citrus
- ✓ Olives
- ✓ Grapes
- ✓ Avocado
- ✓ Fruit
- ✓ Bananas

96HP

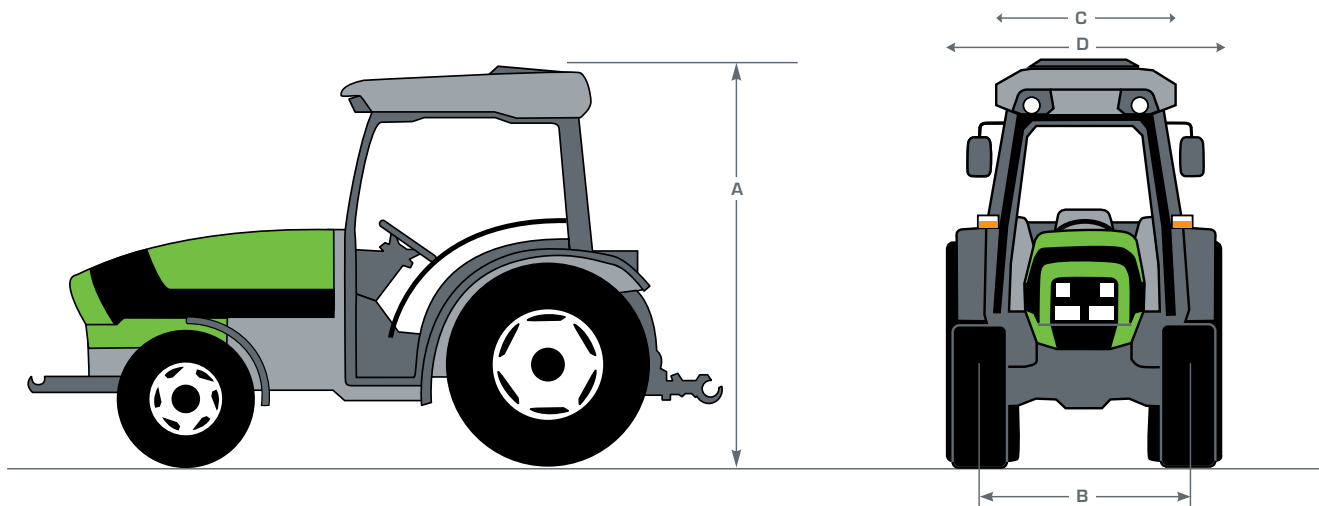

DEUTZ-FAHR has always been one of the leading European manufacturers of specialised tractors. A particularly vivid example of how these decades of expertise have been put to use is the evolution of the Agropius Profiline range, with a slimline design conceived to cater for all the needs of specialist crops such as vineyards, bananas and citrus. The Agropius Profiline comes standard with a flat platform and has a narrow overall width 1700mm using a 14.9R30 Rear tyre.

1.7M - FLAT PLATFORM

- 4 wheel disc brakes
- Heavy duty linkage

In today's marketplace, the modern agribusiness needs a competitive edge to stay ahead of the rest. To achieve this, an increasing number of operators are using finance as a means to access the most efficient and advanced farming equipment.

PFG Credit has become increasingly popular as it can be specifically tailored to your unique circumstances. PFG Credit is provided by De Lage Landen Pty Limited, part of the global Rabobank Group – the world's largest agricultural lender.

PFG Credit can easily allow you to acquire innovative equipment without a heavy down payment. You pay for its use from your operating budget and not from your capital reserves – which means you free up capital that can be used to grow other parts of your business.

Payment solutions can be designed to allow businesses to conserve working capital, budget on a fixed rate, fixed term and fixed repayments to suit their cash flow.

The key benefits of dealing with PFG Credit for a tailored finance solution include;

- Access to the latest innovative equipment
- Keeping your existing lines of credit intact
- Flexible repayment and end-of-term options
- Fixed cost of payment eliminates price fluctuations and uncertainty
- Easier cash flow forecasting
- Simple one-shot loan documentation

PFG Credit offers a wide range of financing and leasing solutions designed to meet your operational needs and cash flow. For more information contact your local dealership or phone our Retail Account Manager - Scott Maxwell on 0447 294 216..
